Summary

The Class Scheduler program:

- Accepts requirements from the adjunct director.
- Displays the schedule in various formats: by teacher, by class.
- Automatically generates schedules, many different workable schedules each time.
- Alternatively allows the user to copy his or her manually generated schedule into the program.
- Checks the schedule for conflicts and verifies that all requirements have been met.
- Exports the schedule to Excel which can then print it.
- and more …

Additionally:

- **It is absolutely free**
- It is available in Romanian, Russian, and English
